Specifically, for those wondering, I had a deep plane lower face and neck lift along with a mild co2 laser,” Lake kicked off the [caption of her post](#) as she shared [unseen before-and-after photos](#) of her taken at her surgeon’s office as well as post-recovery.

The *Hairspray* actress credited her “incredibly talented and kind [surgeon](#)” Dr. Allen Foulad for the “wonderful” experience as well as the physical transformation, which she called “remarkable, natural, and long-lasting.”

Lake also got candid about her reasons for getting the invasive cosmetic procedure in her mid-50s. “Back in 2023, I had lost 40 lbs over the course of a year, and did not like the extra skin that hung from below my chin. It was never going to tighten up by itself,” she explained. “I took a leap of faith and I’m so grateful I did.”
